

# CNC Copy Milling Machine

- Product Features**
- Used to milling different size holes and grooves of aluminum profile, especially suitable for the processing of...
  - It adopts PLC, Intelligent Integrated Numerical Control System, concision and vivid human and machine interface...
  - It adopts imported high speed main axis motor, stable rotation, low noise, strong milling ability...
  - It adopts PLC, Intelligent Integrated Numerical Control System, concision and vivid human and machine interface...

**Technical Parameters**

电源	Power supply	380V/50Hz
气源	Air supply	
主轴转速/功率	Main axis rev / power	18000rpm/2kw/4.5kw
加工尺寸范围	Processing size range	1200/2000/3000mm X 100 X 200 X 250mm
纵向行程 (A轴)	Long way travel (A-axis)	1200/2000/3000mm
横向行程 (Y轴)	Trans way travel (Y-axis)	350mm
垂直行程 (Z轴)	Vertical travel (Z-axis)	300mm
Y轴运行速度	Y-axis speed	0~30m/min
外形尺寸	Dimension	2800/4000 X 1850 X 2050mm
重量	Weight	2000/3000kg
